EXAMINER'S COMMENT

This action is responsive to applicant's RCE and amendment filed January 26, 2006. The amendment is sufficient to overcome the rejection set forth in the Final Office Action mailed November 23, 2005. Claims 1-20 are pending in this application. Thus, claims 1-20 are allowable over the art of record.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fail to teach a method of closing a skin laceration using a braided suture having at least one gold thread and at least one bioabsorbable suture; inserting the suture into the dermis and into subcutaneous fat layer on one side of the laceration and at the base thereof; repeating the insertion step ton the other side of the laceration to form a loop under the skin and tightening the suture line and bringing the laceration together. The prior fails to teach such method steps.

For these reasons, claims are allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
